## Fall Conference *State-of-the-Practice - No Longer State of the Art?* Saturday, October 27, 2007

### Conference Overview

The Association of Engineering Geologists, Kansas City/Omaha Section is pleased to present “State-of-the Practice-No Longer State of the Art?” This Fall Conference is an excellent opportunity to learn about some new tools for environmental and engineering geology and participate in a panel discussion about the status of our industry. The committee has assembled a very talented group of speakers and has structured the conference to allow ample time for discussion and answering your questions.
